Learn up-to-date diabetes information to help create a safe learning environment for your students with diabetes

at the

2010 Diabetes Education Program for School Nurses

Saturday,
September 25, 2010
8:15 AM to 4:30 PM

Location:

Joslin Diabetes Center
One Joslin Place
Boston, MA 02215

Sponsored by:

**American
Diabetes
Association**
Cure • Care • Commitment®

 **Joslin Diabetes Center**

TARGET AUDIENCE

The American Diabetes Association and the Joslin Diabetes Center have designed this program to assist school nurses by increasing their knowledge of the care of children and adolescents with diabetes.

LEARNING OBJECTIVES

Upon completion of this program, participants will be able to:

- Describe the etiology and pathophysiology of both type 1 and type 2 diabetes in youth
- Identify current treatment plans and tools utilized in the management of diabetes in children and adolescents and apply them to the school setting
- Review the role food and nutrition plays in the management of diabetes
- Discuss what optimal diabetes management would entail, listing 2 new treatment possibilities under development

CONTACT HOURS

This continuing nursing education activity was approved for 6.25 contact hours by the Massachusetts Association of Registered Nurses, Inc., an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.
